"The challenge to be a Positive Psychotherapist in the 21st century"

6th International Training Seminar of Positive Psychotherapy

23 – 26 June 2005 – Felix, ROMANIA

Dear Colleagues and Friends,

We are happy to continue our tradition to meet each other every year, in a different country, to enhance our personal and professional transcultural experience and to exchange our thoughts and ideas.

In 2005, it will be the 6th time that colleagues from all over the world - Positive Psychotherapists, colleagues representing other Schools of Psychotherapy and students in Positive Psychotherapy - will meet again, like every year, for the International Training Seminar of Positive Psychotherapy.

Romania was chosen to host the 6th International Training Seminar of Positive Psychotherapy and the Romanian Association of Positive Psychotherapy feels very honored to invite you to our country. The seminar will take place from **23 to 26 June 2005** in a region famous for its wonderful thermal baths – **Felix Spa**, in the north-west side of Romania, on the plateau of Transylvania.

The seminar will highlight the challenge to be Positive Psychotherapist in the 21th century and will gather together specialists from different domains: clinical, educational and organizational. Our social responsibility as psychotherapists is increasing day-by-day, and in the inspiring region of Transylvania, we want to meet this challenge.

A special cultural program, including an encounter with Count Dracula and his vampire "colleagues", is awaiting you.

We look forward to welcoming you to Felix!

On behalf of the Local Organizing Committee

Gabriela HUM

Chairman of Romanian Association of Positive Psychotherapy
