Questionnaire for the Archive of International Academy for Positive Psychotherapy

1. How was your first contact with Positive Psychotherapy?
2. Through whom was Positive Psychotherapy introduced to you? Please name the person and country.
3. In which year you learned about Positive Psychotherapy?
4. When did you begin to have training on Positive Psychotherapy in your country or abroad?
5. Do you have any material like invitations, programs, advertisements in magazines or newsletters, interviews, videos or pictures (from the beginning until now) on Positive Psychotherapy activities in your country and other countries? Please send the original or copy to the ICPP Archive.
6. Do you have articles, books, internet and PowerPoint presentations about Positive Psychotherapy?
7. Working material in your language, overhead transparencies, posters, CD`s, handouts. We are interested to have these materials in their development from the past to present time to show the progress of your work with this method.
8. In case that you had presentations on Positive Psychotherapy in national and international level at congresses or other meetings, please forward the copy of the mentioned information to us.
9. Is Positive Psychotherapy officially registered in your country as a legal association for Positive Psychotherapy? In this case please forward the copy of the legal document to us.

10. In the case of contact with medical associations, universities, psychological associations and/or any other authorities in your country, please forward the report and copy of the documents to us.

11. Copies or originals of certificates that you have issued for your participants or that you have received as a participant in the training courses of Positive Psychotherapy

12. Before sending a report, please take a moment to review it and make sure that the answers to the following questions are included: what, when, who, where, why?
That is, *what* was the event or activity; *when* did it happen; *where* did it take place; *who* sponsored it and *who* participated (be sure to include first and last names); and *why*, meaning what was the purpose of the event? By keeping this old journalistic rule in mind when writing, be assured that your report will be a valuable part of our archives.
